

# ShopwithScrip

The ShopwithScrip program allows you to offset some of your band fees by using rebates. Once your account is set up, you may begin purchasing retail gift cards through Scrip. Each gift card has a percentage allocated for the rebate. Gift cards can be electronic and used immediately or physical gift cards that are shipped to us. For physical gift cards, we will only be placing a monthly order as the shipping cost is approximately \$15.00 for each shipment. We encourage you to use electronic as much as possible. All physical card orders will be placed on or around the 15<sup>th</sup> of the month. You will select your gift cards on your account and we will process the order around the 15<sup>th</sup>. Delivery is usually within the week depending on your location as out of towners may use this system too.

Another feature is the MyScripWallet app. You can place order directly through your app. It will also store your cards right on your phone.

## How to Shop or Order Cards:

Click on **Shop** at the top of the page. This will bring up a list of all retailers in the program.

Some only do physical cards while others may only offer electronic. Please make sure you know which one you are requesting. When you scroll over a retailer, you will see three icons – card, exclamation point, recycling. The card means physical cards. The exclamation point note the electronic ScripNow option. The recycling is to note that the card is reloadable.

Once you select the retailer, a screen will come up to show the denominations available, % of rebate, then add to cart, and checkout.
